Valdez - Senior Center Atrium Upgrades

State Funding Requested: \$150,000**House District: 12 / F**

One-Time Need

Brief Project Description:

Replace Carpet, patch walls, and repaint the Valdez Senior Citizens Center Atrium

Funding Plan:

Total Project Cost: \$175,000

Funding Already Secured: (\$25,000)

FY2013 State Funding Request: (\$150,000)

Project Deficit: \$0

Funding Details:

2012: \$25,000 City of Valdez

Detailed Project Description and Justification:

The Valdez Senior Citizens Center Atrium is the focal point of its residential apartments and has become an operational and quality of life concern. The carpet in this area has reached its useful life and needs to be replaced. The current carpet is not only old and in disrepair, but is not of a grade or color suitable for high traffic. Carpets must be cleaned many times throughout the year (@ \$900-\$1500 each time) every time someone comes in from inclement weather or has to take their garbage out. This creates significant pressure on the VSC annual budget. The atrium also requires painting, as there are over a dozen different colors that have been patched over the years. Additional wall maintenance is also needed to address unsightly remnants of a recent sprinkler system upgrade and some cracks caused by settling and minor earthquakes.
